Kindergarten and First grade can be picked up in the front by their designated area.

Second and Third grade will be in the Front of school. **Fourth and Fifth** can be picked up behind the Bus lane. If you have children in different grade levels, the older child is responsible to pick up the youngest child and you can let the individual teachers know where they will be picked up. They can be picked up in either location. Please make sure to have a sign on your dashboard that clearly states the name of the child that you are picking up. Parents who choose to park and walk their child to school can use the front entrance. Parents may park in the tennis court area.
